## BEFORE AND AFTER SCHOOL CARE IS AVAILABLE ON-SITE

“We are so grateful for Our Lady of Lourdes Catholic School! We have three children in various grades, and they love going to school. There is a very positive learning environment, and a close-knit feeling among the students and school families. The academic standard is high, and the data from graduating classes shows the school does an excellent job preparing students for high school and beyond. The teachers and staff are extremely helpful and supportive, and the smaller class sizes allow for more individualized attention for students. We love the school setting and the personalized attention our children receive.”

## EARLY CHILDHOOD PROGRAM

The key elements of early childhood education at Our Lady of Lourdes are socialization and the celebration of small accomplishments. Children participate in free play, art, learning projects, story time and music. They take field trips to educational locations such as the Wildlife Sanctuary and the De Pere Library. Our programs offer a strong foundation for children as they transition to kindergarten. Please contact the school for current program offerings involving half and full days for three- and four-year olds.
