SCHOOL OVERVIEW

ESTABLISHED IN 1958, ST. BERNARD CATHOLIC School has always looked to the future with innovative learning and a passion for engaging our students with the written word. Today our students have technology fully integrated into their classroom environments. From the middle school Chromebook program to the use of iPads, SMART boards and green screens, St. Bernard students are truly engaged in 21st century learning skills.

Students at St. Bernard have the chance to participate in a well-established Destination Imagination program, a wide variety of seasonal and competitive sports, scouting, Project Lead the Way science curriculum and a robotics program. Learning is fun when faith and academics are intertwined. At St. Bernard, we are forming the whole person for the betterment of our local and global communities. Our enrollment is growing along with our student diversity resulting in a very vibrant school.

OUR MISSION

St. Bernard Catholic School is rooted in the life and works of Jesus Christ and our patron saint, providing a peaceful, prayerful community while inspiring each student to become a lifelong learner.

FROM THE PRINCIPAL

St. Bernard Catholic School takes pride in the growing diversity of our student body as well as the high-quality educational experiences that we provide to learners of all levels. Working together with the parents, parish and community at-large enables St. Bernard School to provide a Catholic educational experience that is second to none. The expansiveness of this education allows for an environment that models and teaches faith values. With mass each week and eighth grade service jobs, a spirit of giving is promoted and modeled.

With St. Bernard as our patron saint and guide, we proudly adapt the Benedictine Rule that St. Bernard so devotedly lived by to *Peace, Pray, Learn*. These three words succinctly capture the essence of the St. Bernard School community. We encourage you to learn more about our school community and hope that one day you will become a St. Bernard School Bear!

EARLY CHILDHOOD PROGRAM

St. Bernard provides many options for children in the three- and four-year-old early childhood program. Students are provided with a kindergarten readiness program that centers on a play-based philosophy. Teachers plan thematic lessons using the Creative Curriculum program, ensuring the right balance of learning, skill development and play. Team planning and weekly newsletters allow parents to get involved in their child's education as the primary educator. Faith is integrated daily as students learn the basics of prayer and major liturgical celebrations all presented through stories, play and music.
