

WE ARE:  
**GRACE:**

## OUR MISSION

**GUIDED BY THE INSPIRATION OF OUR PATRON,** the mission of St. John Paul II Classical School is to assist parents in their role as primary educators of their children. We cultivate young minds and hearts through the Catholic Classical method of education in an authentic Catholic culture.

**WHAT IS CATHOLIC CLASSICAL EDUCATION?** Also called “liberal arts training,” a Catholic Classical education is the time-tested form of education developed by the Church to align teaching methods with the natural developmental needs of children. It seeks to draw out of children their natural desire for wisdom and virtue by nurturing in them a love for all that is good, true and beautiful.

## St. John Paul II Classical School

### ABOUT US

**Founded:** 2015 as the first Catholic Classical school in Green Bay

**Grades Offered:** Early childhood – 5th Grade, adding one grade each year

**School Colors:** Gold and White for the Papacy and Blue for Mary

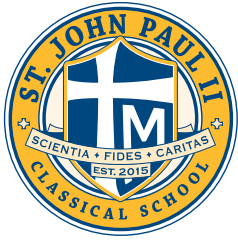

**Patron Saint:** Pope St. John Paul II (1920-2005)  
Our school was named by our bishop, David L. Ricken, after the Saint-Pope who ordained him a bishop in the year 2000.

### SCHOOL OVERVIEW

**ST. JOHN PAUL II CLASSICAL SCHOOL** is committed to whole child formation: intellectual, spiritual, physical and emotional.

With emphasis on teaching the Catholic faith and developing tools of learning, the SJPII education strives to give students what they need to be truly happy as fully formed human beings: the freedom to realize their full potential in this life and the next, and the freedom to experience the genuine happiness that comes with fulfilling their unique calling in this world.

# WE ARE: GRACE:

## EARLY CHILDHOOD PROGRAM

Our gentle and joyful approach to nurturing our youngest treasures is rooted in a unique method of teaching called the Catechesis of the Good Shepherd, based on the teaching philosophy of Maria Montessori. Our 3- and 4-year-old children grow in loving their faith through abundant hands-on activities and, at the same time, develop fine motor skills and an inner calmness that is truly amazing to observe.

## FROM THE HEADMASTER

Welcome to a beautiful adventure: helping parents form confident followers of Jesus Christ!

The Catholic faith permeates every subject at SJPII, whether it's providing a Catholic perspective of history or developing a moral imagination through wholesome literature.

SJPII students travel on a journey from ancient to modern and American history, and along the way, we help them thirst for all that is good, true and beautiful.

We train our students to think and communicate; through memory and recitation work, we furnish their minds with abundant, rich, language from poetry, prose and Sacred Scripture. Through Latin, logic and a systematic writing program, students develop thinking and vocabulary power. Basic math computation and facts memorization also are on the daily menu, and science, what we call Nature Studies, inspires the natural sense of awe and wonder at the amazing order of God's world.

Our patron, Pope St. John Paul II, believed that our youth are the future of the Church and the hope of the world, and we are proud to follow his lead at St. John Paul II Classical School.

Come and see us! God bless you.
