

# SCRIP Frequently Asked Questions

## What is Scrip?

SCRIP= Fundraising gift cards.

## Requirements?

Each school family is required to generate a minimum of \$250 of **PROFIT/REBATE** through scrip usage. Any **PROFIT** over \$250 is then split 80% to your family tuition account and 20% to the school's Third Source Funding goal assigned by GRACE.

Families can have additional individuals purchase on their behalf. When filling out the order form or online account make sure to note the family to receive credit.

**EXAMPLE:** If your total profit is \$500  
 $\$500 - \$250 = \$250$   
 $\$250 \times 80\% = \$200$  Family Profit towards Tuition

## Checking Family Scrip Profits?

Go to [www.shopwithscrip.com](http://www.shopwithscrip.com) and sign-in. Click on dashboard, scroll down and select "order history" under Family Function. View Account Activity for Program Year. This shows total profit generated from your scrip purchases.

Remember the first \$250 of profit remains with Notre Dame. Profit is earned from scrip percentages, not card value. Further profit is then split 20% going to Notre Dame and 80% going to family to be applied towards tuition.
